Confirmation of internship

I hereby confirm that Mr. Jan Ryszkiewicz, born on 04.06.2004, participated in and completed an internship at our company from 01.07.2026 until 30.09.2026 in the Corporate Actuary Department.

As part of the placement, he worked on the following topics:

1. Familiarized himself with our internal technology stack including SQL, Claude Code, AllianzGPT, MS Office, GIT, and similar tools.
2. Analysed the code and documentation of the internal actuarial cash flow model for life insurance at Allianz Lebensversicherungs-AG, identifying and verifying connections between different system components.
3. Developed new and enhanced existing Java and Python tools related to the process of generating input data for the internal actuarial cash flow model.

During his placement, Mr. Ryszkiewicz demonstrated the ability to quickly grasp complex issues, the capacity to work independently, and the initiative to bring new ideas. He also further developed his interpersonal and teamwork skills.

Mr. Ryszkiewicz was therefore a valuable member of the team, and we were very satisfied with his internship.

The internship ended at the end of the agreed contract period. We would like to thank Mr. Ryszkiewicz for the good cooperation and wish him all the best and continued success in his future career and life.

Kind regards.

Giuseppe Maria Capriani
Managing Director
